PROFESSIONAL SUMMARY

A recent Computer Science graduate with a strong foundation in programming and web development. Demonstrates the ability to apply technical knowledge to real-world projects and continuously improve skills. Experienced in system analysis, UI design, and frontend development. Seeking a Web Development Internship position to contribute to digital platform development while further enhancing my technical expertise in a professional full-time environment.

EDUCATION

Bachelor of Computer Science – Svay Rieng University

Status: Graduated

- Relevant Coursework: Software Engineering, Programming Languages (Java, C#), System Analysis and Design, Database Analysis
- Project: Developed an OBE Attainment System for the Faculty of Science and Technology at Svay Rieng University, applying software engineering principles and system design concepts.

Further studies

- Digital Workforce Development Scholarship Program (USAID) | 2023 – 2026
- Time Management Workshop – CADT | 2023
- Stress Management Course | 2024
- Student Exchange Program Abroad | 2025

TECHNICAL SKILLS :

- **Programming Languages:** Java(Familiarity with Spring Boot), C#
- **Frameworks & Tools:** ReactJS (Web Development), Docker (Containerization)
- **Web Development:** HTML/CSS, JavaScript, ReactJS
- **Software Engineering:** UI/UX Design, System Documentation
- **Version Control:** GitHub
- **Database:** SQL Server / MySQL / MongoDB
- **Tools:** Postman, DBeaver

PROJECT EXPERIENCE :

Software Engineer | OBE Attainment System (In Progress)-Faculty of Science and Technology

- Current Phase: System Development & Testing
- Analyze system requirements and prepare technical documents
- Design simple and user-friendly UI and system structure
- Developed user-friendly frontend interfaces using ReactJS and collaborated with the backend team.
- Work with team members and support project coordination
- Use GitHub for version control and team collaboration

POS Inventory System (C# – MVP Pattern)

- Built a Windows application using MVP architecture
- Developed CRUD features and managed data with SQL Server
- Applied modular coding, UI design, and good project structure

LANGUAGES

Khmer – Native

English - Pre-Intermediate (Proficient in reading technical documentation)

HOBBIES

- Independent Learning: Interested in learning new technologies and keeping up with software trends
- Logical Thinking: Enjoy solving problems and practicing coding challenges
- Tech Engagement: Follow tech forums and attend workshops to improve knowledge
- Knowledge Building: Read technical blogs and documentation to develop coding skills, read English articles ,video creating.

REFERENCE

Name: MA VICHKA

Position: Team Leader (OBE Attainment System Project)

Organization: Faculty of Science and Technology, Svay Rieng University
